

Extra length Pine Tree Clips released

Increased panel range - Pine Tree Clips:

GBK is pleased to announce two new Pine Tree Clips which offer users panel ranges of up to 40mm.

Made from PA6 (nylon6) & PA66 (nylon6 6) the new products offer significantly different benefits to users with panel range of this size. Produced using both different fin design & material grades, one item is extremely malleable, which makes it ideal for difficult panel assemblies where perhaps manufacturing tolerances are difficult to achieve & therefore a fastener with this capability would be an ideal assembly product.

The more rigid item has been used already in applications where stiffness is a desirable attribute, such as securing expanded materials to rigid housings or to another flexible of expanded material.

Pine Tree Clip - 47206
Nylon 6 (PA6) - 18.0mm head dia
6.0mm hole mounting
4.0 - 40.0mm panel range

Pine Tree Clip - 47207
Nylon 66 (PA66) - 15.3mm head dia
7.5mm hole mounting
24.0 - 40.0mm panel range

Please contact the sales office for further information or sample requests.
