

Quarter Turn Rivets User Guide

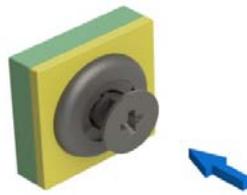

Quick fastener system providing strong joints:

Quarter Turn Rivets provide a quick & robust fastening solution, which can be mounted, fixed & removed extremely quickly. Made from Acetal (POM) & ideal for any application, where speed & strength of joint is desirable.

Insert part into prepared hole

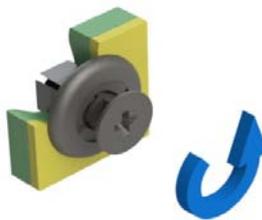

Light pressure to drive pin into fix

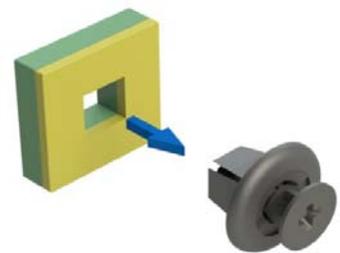

Fastener in locked position in-situ

Cut away of fastener in-situ

Quarter turn to release fastener

Fastener can now be removed

GBK's quarter Turn Rivets are available in both SQUARE & ROUND hole versions from 6mm to 9mm & panel thicknesses from 2.5mm to 8.2mm

Talk to GBK about your fastening, fixing and component needs and discover why GBK ship product globally and solve problems daily.
