

New Screw Rivet added to Panel Access Fasteners product group

New 10mm Screw Rivet has been including in popular product range:

Part number 42089 has been released to the online product offering specifically within the Panel Access Fastener product group as a 'Screw Rivet'.

Dimensional information, is as follows:

Hole Dimension: 10.0mm
Panel Range: 8.0 - 13.5mm
Head Diameter: 20.0mm
Length Under Head: 25.0mm

Used in the same way as all Screw Rivets the part is mounted into the correctly prepared holes of the panels to be fastened & then the pin is driven so that the head of the pin is flush into the head of the female section.

To remove the part it is simply unscrewed with a phillips driver ready to be re-used as many times as required for the application
