

**GBK present at the BIG BANG..!**

**GBK UK products specified by CERN:**

CERN has specified and GBK has shipped products against an initial requirement for a Cable Management product for use at their facility in Switzerland.

GBK has long claimed that the products they supply globally are literally the DNA of the assemblies they are used in. Never more so has this been true than in this application and usage.

GBK continues to develop ideas with leading organisations around the world, offering specialised fastener and component solutions.

GBK expect to make some further exciting product announcements and business development news in the near future.

Talk to GBK about your fastening, fixing and component needs and discover why GBK ship product globally and solve problems daily.

**Date: October 2017**
