

Point of Sale POS/POP

Point of Sale: Shop-fitting, point of sale & point of purchase applications benefit from the product development in other market sectors, particularly in relation to panel fasteners, motion control & access fasteners. This important market sector requires innovative solutions to fastening & jointing problems, as well as unique & interesting ways to display products & signage in retail locations.

The retail sector continues to demand highly engineered solutions to their problems - GBK is able to respond to & support that need.
